Town of Blairmore is Denied Confirmation of Tax Enforcement Return.

The last regular meeting of the 1916 Blairmore town council was held last night. Present, Mayor Sinclair, and councillors Beebe, Evans, Dutil and Hart.

The minutes of the meeting of November 23rd were read and motion approved.

Communication from Henderson, Reid & Patterson, auditors, was received, asking that fee be increased from \$150 to \$25 per annum. Motion was laid over to be dealt with by incoming council.

In connection with the confirmation of the Tax Enforcement Return, the following communication was received from Judge McNeill.

"I have carefully considered the objections taken, and have reached the conclusion that I am unable to accept the Town's application for confirmation of this Return, on the ground that the notice sent to several parties interested did not comply with the requirements of the Act."

I have the question to be far from free from doubt, and in view of the right to land in question think it better for the Town to have the question decided against it, as grounds for similar objection can be avoided in 1917, "proceedings which can, if the Town so desires, be taken early in the coming year."

Communication from the Director of National Service, addressed to His Worship the Mayor, suggested that the Town might use its influence in connection with the registration scheme by calling a public meeting of citizens during national Service Week, December 1st to 5th. As it was considered that every man should realize the importance of the movement brought about by the new director general, and that as far as could be ascertained all men locally had already complied with the requirements of the new registration scheme, the matter was laid on the table for the present.

As this was "wind-up day" for the outgoing council, the following bills were passed upon, subject to approval of committees: Alberta Government Telephones \$5.65, Air & Hins. H. J. Pozzi \$55.10, Blairmore Livery \$32.70, Attorney \$30.50, Blairmore Engineers \$1.50, Alberta Water Co. \$2.00, Shadis \$1.00, Dr. McDonald \$10.00, Henderson, Reid & Patterson \$70.00, Wright's services as returning \$8.00, \$10.00 T. B. Elliott (services as poll clerk) \$3.00, W. A. Beebe (rent) \$20.00, By Law No. 50, authorizing a line of credit that colour lamp to the end of December was duly passed.

Council discarded rules of office at 9.30.

Fish Thrive on War

Fish mothers of nurseries in the North Sea have had the time of their lives in them last two years. They have abandoned their fish, and when the war is over it will be absolutely packed. This sounds a sweeping statement, but the fact that the number of trawlers now working is less by some three thousand than it was in peace time accounts for the overcrowded nurseries.

The number of fish taken from the North Sea has been halved by a third since the fishing areas have been so greatly restricted.

Fishermen have particularly enjoyed the rest given them, as for the last ten years, their numbers had been sadly diminishing. When it is remembered that each female haddock produces 8000 eggs each season, something of their increasing numbers may be guessed.

Woman to Command German Boat

The first woman naval officer to receive a commission has just been appointed by the Württemberg authorities as second in command of a submarine. Her name is Anna Schäfer. She will wear the full uniform of a lieutenant, including trousers and gaiters, and will take a navy lieutenant's rank. Her special duty to which she has been appointed is charged is that of protecting the Zeppelin sheds at Friedrichshafen from attacks by aerial aeroplanes.

The Honored Guest

First Gent: Come and dine with me this evening, old top.

Second Gent: Alas! I can't. I'm going to see Hamlet.

First Gent: Never mind, bring him along with you.—Today.

Air Raids in Germany
Coming in the Near Future

Field-Marshal French has expressed the belief that the next attempt upon London by the enemy's airships will be a colossal scale. The conditions advanced by the British forces forward of the German front will be the best way of dealing a blow at future attacks on London. An indication of what may be expected is given by the aerial warfare up to the other day in Germany, extending as far as Strassburg. He actually covered 300 miles of the enemy's coast and reported at very incendiary points without any attack upon his machine. With the Allies forces so considerable a distance away the opening of hostilities is probably what may be looked for when our troops can see the rapid flowing current of the Rhine?

The Waiter: What makes you so stout?

The Maid: Because I eat what I want.

The Waiter: Because I eat what is left.

Minard's Liniment Cures Distemper

One Grave Lesson of the War

One of the grave lessons of this war of every war—is that the contestants of war—courage, endurance and ingenuity—are not to be made good by any bravery or real of the fighting man. And for that reason it would be treason to the Empire and ignorant to escape scot-free when their faults cause disaster. —London Daily Mail.

Doctor Tells How to Strengthen Eyesight 50 per cent. In One Week's Time in Many Instances

A Free Prescription You Can Have Filled

LONDON.—Do you wear glasses? Are you a victim of eye strain or eye weakness? Do you know how to cure it? Do you know that according to Dr. Lewis there is real hope for the cure?

Many whose eyes were failing are now restored to health and strength.

First Gent: Never mind, bring him along with you.—Today.

following the simple rules. Here is the prescription: Go to bed earlier. Drop one bottle of Sloan's Liniment tablet in a glass of water and drink it. This will help to relax the eyes two to four times daily. Right from the start and inflammation will quickly disappear. If your eyes are bothered by redness, drop one tablet in a glass of water now before it is too late. Any hopelessness you may feel will be dispelled when they are cured.

Second Gent: And when you have recovered from the trouble, you will be able to see the world again.

A lady who used it says: "The atmosphere has been with or without glasses, after taking this with or without glasses, says everything seems clear. I can even read my newspaper again in a week."

"My changes or refund the day," says one of the very few patients who have ever asked for a refund. "I am most satisfied with the results."—Dr. Store, 1000, will tell all your friends.

There is reason for suspecting that he will not return alone.

Jack Rhodes returned from Lethbridge on Thursday. We are glad to say that Mrs. Rhodes' health is slightly improved.

Mrs. McWilliams and daughter, Miss N. McWilliams, of Lundbreck, are spending a few days with Mr. and Mrs. L. Tustian.

Miss Edna Fulton, of the teachers' staff at Blairmore, came down on Saturday to spend Christmas with her sister, Mrs. Morrison.

On New Year's Eve, Rev. W. M. Chalmers, B.A., will preach a specially prepared sermon, taking as his subject "The Old and The New."

Mr. Chappell has resigned his position as manager of the U.F.A. store here, and has taken the position of manager of a co-operative store in Peaceful.

Mr. and Mrs. Chas. Bare, of Maple Grove ranch, Livingstone, are visiting Mrs. Paul for the past month, has gone to Great Falls, Montana.

Miss Corrigan has finished her engagement as teacher of the Teachers' school, and has gone to Calgary.

Miss Rose Fortier came down from Calgary on Thursday to spend the Christmas holidays with her parents.

Hugh Petit left on Friday morning's train for Spokane.

The school closed here on Friday for the winter vacation. It will reopen on the second of January. Miss Kippin left for Calgary on Friday night, where she will spend her vacation. Principal Sweet went to Lethbridge same night and will spend the week end there.

On Christmas Eve, Rev. W. M. Chalmers, B.A., delivered a very able sermon on the "Life and works of Joshua." Mr. B. Corrigan added charm to the service by singing in his splendid manner that beautiful song "Lead Kindly Light." As the congregation broke up, there was quite a little excitement over the sudden illness of Miss Fletcher, of Calgary, she fainting three times in succession.

Eager hands tried to restore her, but at last gave up, when a stretcher was brought and she was taken to the home of Mr. and Mrs. D. R. McIvor, where she is staying.

The prizes offered by C.V. Hodgson and D. R. McIvor a year ago (to the amount of five dollars each) to the children attending school the greatest number of days, were presented to the winners at the Christmas entertainment. Jean Morrison received a three-dollar cheque, Arthur Tustian a two-dollar cheque, and Jean McEwen a one-dollar cheque, being first, second and third prizes from Mr. McIvor. Mr. Hodgson's gift consisted of books. Bradley Tustian received first prize, Norman Chalmers second prize and Florence Bird third prize. We understand that Messrs. McIvor and Hodgson will give the same amount to the same cause for another year.

As a matter of convenience, the Christmas entertainment given by

the Cowley school was held on the 21st in the Cowley hall. As on all previous occasions of this kind, the house was crowded to standing.

The efforts of the children showed careful training by the teachers, who deserve all the credit due them for their labor in this undertaking.

With M. A. Murphy chairman, and Mrs. W. E. Tustian pianist, the entertainment opened with a chorus which was followed by several recitations. Next came the "Bell Drill," which was very pleasing.

"Mrs. Brown's Visitors," a very good dialogue and chorus, "The Sleepy Heads," was highly appreciated, while the "Star Drill" was unusually pretty. Several other dialogues and a great many more recitations, songs and solos, all equally good, were given. The programme came to a close with "Old Mother Goose," which represented a number of comical costumes. Now Santa Claus came, jingling his bells, and the children received their many presents amidst much rejoicing. As the crowd broke up, "God Save The King" was sung by all. The entertainment now being over, the seats were removed and dancing commenced, and all who stayed behind report a pleasant time.

Rev. Dr. Charles A. Eaton, pastor of Madison Avenue Baptist church, New York, has attacked President Wilson's foreign policy, especially in the Lusitania case. He stated from the pulpit: "It took ten million men, if our cities were laid in the dust, and we were set back a hundred years, we ought to have stood up and said to the world: 'This is the last time that one hundred women and babies shall be murdered on the high seas.' If we had done this we would have been Americans—Americans with honor. This country needs a keen sense of honor, a sense keen enough for us to die rather than be stained with dishonor." He stated further to those who had told him that he did not realize what war meant, that he had five nephews in the trenches in Europe, and another on the way there. Answering the assertion that "although the United States had no great navy or army," there were two great oceans around us, Dr. Eaton referred to the appearance at our front door of the U.S.A., and added: "Some day we may wake up and see the buildings of Manhattan crumbling. America is at the cross roads. God save America."

AT A BIG MEETING OF THE CANADIAN BAR ASSOCIATION HELD AT EDMONTON LAST WEEK, SIR JAMES ATKINS SCORED "NEUTRALITY" OF THE UNITED STATES AS FOLLOWS: "HERE IS I WOULD PREFER TO BE A CANADIAN WITH CANADA AT WAR THAN TO BE A CITIZEN OF THE UNITED STATES WITH THEIR NEUTRALITY." THE ALLIES WERE FIGHTING FOR HONOR AND PRIDE AGAINST DISHONESTY, AND HE WOULD RATHER BE A BRITON AND HEAT WAR, WHEN THESE THINGS WERE AT STAKES, THAN NOT TO BE AT WAR, TO HAVE HIS BLOOD IN ONE'S VEINS AND COLLEAGUE OVERFLOWING WITH MONEY. HIS BLOOD WAS STIRRED WHEN HE HAD READ THE WORDS OF THE AMERICAN PEACE NOTE.
